Discover Snorkelling
Throughout the week, our snorkel instructors offer free information and introduction to snorkelling sessions, where guests are informed about the best areas to snorkel around Kuredu, the snorkelling activities on offer, and basic snorkelling techniques in our sheltered lagoon.

Guided House Reef Tour
A guided tour of the reef and lagoon directly accessible from the island of Kuredu, great for those just starting out or who want to learn more about our local marine life.

Night Snorkelling Tour
Discover our house reef and lagoon after dark. Encounter hunting sharks and many other fascinating marine creatures in the beam of your torch. Suitable for experienced snorkellers.

Sunset Snorkel Boat
Let's go snorkelling at twilight at one of our beautiful reefs, followed by a sunset cruise to search for dolphins. Afterwards, we will go for a night snorkel on one of our beautiful reefs. Torches will be provided. Minimum age is 8 years.

Half Day Snorkel Boat
Snorkelling from the boat allows you to explore some fantastic reefs in the area of Kuredu. Our half-day trips visit two different reefs close to the resort and last 2.5 hours. The trips cater to a range of experience levels and are suitable for ages 4+.

Half Day Manta Search (Ages 8 and Above)
A seasonal half-day boat excursion in search of manta rays, with the opportunity to snorkel alongside these magnificent creatures. Along the way, we share fascinating insights into their behaviour, as well as important guidelines for snorkelling responsibly with manta rays. Please note that manta ray sightings cannot be guaranteed.

Full Day Snorkel Boat
A full-day snorkel trip allows us to explore a larger part of the Lhaviyani Atoll, further from Kuredu. Typically, we visit two snorkel sites in the morning and two in the afternoon, with lunch provided on the boat.

Beginners Course
Snorkel courses are available on request through the dive centre. The beginner courses offer a more in-depth and personalised introduction to snorkelling than the free-of-charge intro and are ideal for those with little or no snorkelling experience who wish to quickly become comfortable in the water.

Discover Freediving
Apnea introductions provide an insight into the world of freediving, including the correct and safe techniques for breath-holding, diving, and ascending.

*This price list is for arrivals **until 31st October 2027**. All prices are in **US Dollar** and could be changed without prior notice.*
