Introduction to Snorkeling

Throughout the week our snorkel instructors offer free information and introduction to snorkeling sessions, where guests are informed about the best areas to snorkel around Kuredu, snorkeling activities on offer and go through basic snorkeling technique in our sheltered lagoon.

Snorkel Tours

The snorkel tours provide guided tours of the reefs and lagoons directly accessible from the island of Kuredu, great for those just starting out, or who want to learn more about our resident turtles.

Half Day Snorkel Boat Trips

Snorkeling from the boat allows you to explore some fantastic reefs in the area of Kuredu. Our half day trips visit two different reefs close to the resort, and last 2.5 hrs. The trips cater for a range of experience levels and are suitable for ages 4+.

Twilight Adventure

Let's go snorkeling at twilight at one of our beautiful reefs followed by a sunset cruise to search for dolphins. Afterwards we will join the turtles at our famous snorkel/dive site, Caves, for a night snorkel. Flashlights will be provided. Minimum age is 8 years.

Half Day Manta Search Boat Trips

When the season arrives there is nothing better than snorkeling with these gentle giants. This Manta Search Boat will go to some of the common hotspots for Mantas to look for these majestic creatures. Guests can experience this once in a lifetime moment and learn more about these majestic creatures and the research that ProDivers is involved with, suitable for ages 8+

Turtle Adventure Tour

Join our turtle tour, accompanied by one of our experienced snorkel guides. After a short but informative presentation of the turtles and their behaviour, a snorkeling tour will follow through our lagoon to meet some of the turtle inhabitants.

Full Day Snorkel Boat Trips

A full day snorkel trip allows us to explore a larger part of the Lhaviyani atoll, further from Kuredu. Typically we visit two snorkel sites in the morning, and two in the afternoon, with lunch provided on the boat

Snorkel Courses

Snorkel courses are available on request through the dive center. The beginners courses offers a more in-depth, and personalized introduction to snorkeling than the free of charge Intro, and is ideal for those with little or no snorkeling experience who wish to quickly become comfortable in the water.

Apnea Introductions provide an insight into the world of Free-diving, including the correct and safe technique for breath holding, diving and ascending

*This price list is for arrivals until 1st November 2024. All prices are in **US Dollar** and could be changed without prior notice. Above prices includes 16% Governmental Goods and Service Tax (GST) and 10% service charge.*
